Math Practice Test No. 1

Year 2 · 3rd term · Name: _____ Date: ___/___

1 **What does km mean?**

- ◯ centimetres
- ◯ kilometres
- ◯ metres

2 **Look at the books. Which sentence is right?**

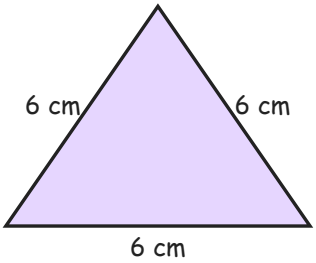

- ◯ Book B is wider.
- ◯ Book B is narrow.
- ◯ Book A is wider.

3 **What is perimeter?**

- ◯ how long one side of a shape is
- ◯ the total distance around a shape
- ◯ how high a shape is

4 **What is the perimeter of the triangle?**

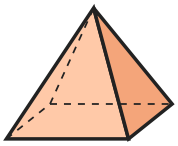

- ◯ 18 cm
- ◯ 24 cm
- ◯ 12 cm

5 **Which solids can roll?** (tick all the right answers)

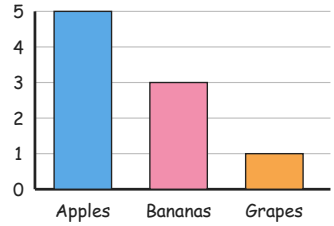

- ☐ cylinder
- ☐ sphere
- ☐ cube
- ☐ pyramid

6 **How many faces does this pyramid have?**

- ◯ 5
- ◯ 4
- ◯ 6

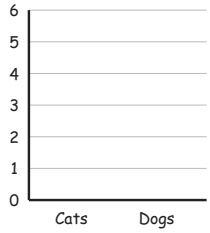

7 **How many bananas are there?**

- ◯ 3
- ◯ 1
- ◯ 5

8 **The table says Cats: 5. You paint the Cats bar. Up to which number do you paint?**

Cats	**5**
Dogs	**2**

- ◯ 6
- ◯ 5
- ◯ 2

9 **"You will see a penguin in the desert." This is...**

- ◯ certain
- ◯ unlikely
- ◯ likely

10 **Which ones are impossible?** (tick all the right answers)

- ☐ Tomorrow I will eat dinner.
- ☐ A unicorn will carry me to bed.
- ☐ I will read a book.
- ☐ I will eat rocks for dinner.

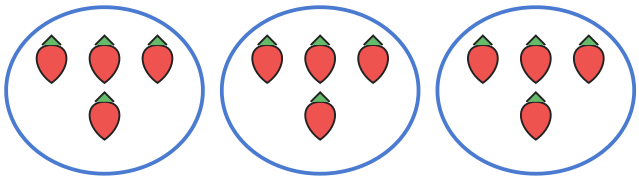

11 **4 groups of 3 buttons: 4 × 3 = 12. What does the 4 tell us?**

- ◯ how many groups
- ◯ how many in each group
- ◯ how many altogether (in all)

12 **What is repeated addition?**

- ◯ sharing a number into groups
- ◯ adding different numbers
- ◯ adding the same number again and again

13 **Look at the strawberries. Which addition sentence is right?**

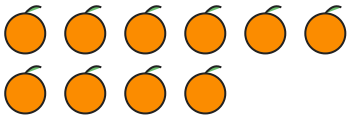

- ◯ 3 + 3 + 3 = 9
- ◯ 4 + 3 = 7
- ◯ 4 + 4 + 4 = 12

14 **Which numbers can be shared equally between 2 friends?** (tick all the right answers)

- ☐ 6
- ☐ 8
- ☐ 5
- ☐ 9

15 **Mike and Laura share 10 oranges equally. How many oranges does each one get?**

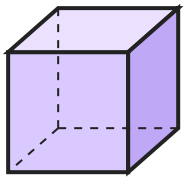

- ◯ 2
- ◯ 5
- ◯ 10

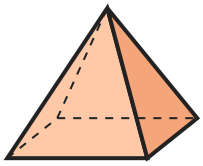

Written answers

Write your answer. Show your work.

16 **Count and complete the sentences.**

cube

pyramid

The cube has _____ faces, ___ edges and ___ vertices.

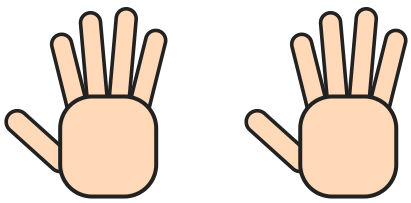

The pyramid has _____ faces, ___ edges and ___ vertices.

17 **What is data? Write one piece of data about you.**

Data is

About me:

18 **How many fingers are on each hand? Write the addition sentence. Write a multiplication sentence.**

On each hand: _____

Addition sentence:

Multiplication sentence:

Answer key

1. **kilometres**
   km means kilometres. We measure length in centimetres (cm), metres (m) and kilometres (km).
2. **Book B is wider.**
   Book B measures more from one side to the other: book B is wider.
3. **the total distance around a shape**
   Perimeter is the total distance around a shape. Add all the sides!
4. **18 cm**
   A triangle has 3 sides: 6 + 6 + 6 = 18 cm.
5. **cylinder · sphere**
   The sphere and the cylinder have a curved surface, so they can roll. The cube and the pyramid have only flat faces.
6. **5**
   This pyramid has 5 faces: 4 that meet at the top and 1 at the bottom.
7. **3**
   The Bananas bar goes up to 3: there are 3 bananas.
8. **5**
   The table says 5 cats, so we paint the Cats bar up to 5. Dogs: up to 2.
9. **unlikely**
   Small chance to happen: unlikely.
10. **A unicorn will carry me to bed. · I will eat rocks for dinner.**
    Eating rocks and a unicorn carrying you to bed: impossible. Eating dinner tomorrow: certain. Reading a book: possible.
11. **how many groups**
    4 × 3 = 12: 4 groups of 3 buttons are 12 buttons altogether. 4 = groups, 3 = in each group, 12 = altogether.
12. **adding the same number again and again**
    Repeated addition is adding the same number again and again: 5 + 5 + 5 = 15.
13. **4 + 4 + 4 = 12**
    3 groups of 4: 4 + 4 + 4 = 12, so 3 × 4 = 12.
14. **6 · 8**
    6 and 8 are even: 3 each and 4 each. 5 and 9 are odd: when we share them between 2, 1 is left.
15. **5**
    10 oranges shared into 2 equal groups is 5 oranges in each group: 10 ÷ 2 = 5.

Written answers: model answers

16. The cube has 6 faces, 12 edges and 8 vertices. The pyramid has 5 faces, 8 edges and 5 vertices.

17. Data is all the information we collect and find out. About me: "My favorite color is blue." / "I have 2 pets." (any true fact about the child)

18. On each hand: 5. Addition sentence: 5 + 5 = 10. Multiplication sentence: 2 × 5 = 10.
